

Privacy Policy

Effective Date: [Insert Date]

Last Updated: [Insert Date]

Teraawatt PowerLabs Private Limited (“Company,” “we,” “our,” or “us”) operates the **[App Name]** mobile application and website (collectively, the “Platform”) to help users locate nearby EV charging stations and related services.

This Privacy Policy explains how we collect, use, store, and share your information when you use our Platform. We are committed to protecting your personal data in compliance with the **Digital Personal Data Protection Act, 2023 (DPDP Act)** and the **Information Technology Act, 2000 (IT Act)**, including its rules on reasonable security practices.

1. Information We Collect

When you use our Platform, we may collect the following categories of data:

- **Personal Information:** Name, email address, phone number, vehicle details (if you provide them).
- **Location Data:** GPS and network-based location data to show nearby charging stations.
- **Payment Information:** Payment details for transactions (processed securely by third-party payment providers).
- **Device & Technical Data:** IP address, device type, operating system, app version, and app usage statistics.

- **Cookies & Analytics Data:** We use cookies and analytics tools (such as Google Analytics) to understand usage patterns and improve services.

2. Purpose of Data Collection & Usage

We collect and use your data only for the following purposes:

- To provide core services, including showing charging stations near you.
- To process payments and manage bookings.
- To personalize and improve the user experience.
- To analyze app performance and usage trends.
- To comply with legal, regulatory, and security obligations.

We follow **data minimization and purpose limitation** principles — we only collect what is necessary and use it only for defined purposes.

3. Consent

- By using our Platform, you consent to the collection and processing of your personal data as described in this Policy.

- For location tracking, you will be asked for explicit permission within the app.
- You may **withdraw consent** at any time by adjusting app settings or contacting us at **[Insert Contact Email]**. Please note that withdrawing consent may limit certain features.

4. User Rights Under DPDP Act

You have the following rights regarding your data:

- **Right to Access and Correct:** Request a copy of your personal data or corrections to it.
- **Right to Withdraw Consent:** Revoke consent for processing.
- **Right to Deletion:** Request deletion of your data, subject to legal and contractual obligations.
- **Right to Grievance Redressal:** File complaints with our Data Protection Officer (DPO).

Requests can be submitted by emailing **[Insert Privacy Email]**.

5. Data Sharing

We may share your data with:

- **Service Providers:** Cloud hosting, analytics providers, and payment processors.
- **EV Charging Partners:** Limited information necessary for booking and service fulfillment.
- **Third-Party Integrations:** Such as map services (Google Maps, etc.) to enable location services.
- **Government Authorities:** Only when required under applicable law.

We do not sell or rent your personal data to third parties.

6. Data Retention

We retain your data only for as long as necessary for the purposes outlined in this Policy or as required by law. Once the purpose is fulfilled, your data will be securely deleted.

7. Data Security

We implement **reasonable security practices and procedures** as per the IT Act, 2000, including ISO/IEC 27001 standards or equivalent, such as:

- Encryption of sensitive data.
- Secure servers with restricted access.

- Regular audits and monitoring.

Please Note: Despite these measures, no method of transmission or storage is 100% secure.

8. Cookies & Tracking Technologies

- We use **cookies** to improve user experience, remember preferences, and analyze traffic.
- You can manage or disable cookies through your browser settings.
- We use **analytics tools** to measure performance and enhance services.

9. GPS & Location Tracking

- The Platform relies on **location data** to help you find nearby EV charging stations.
- Location tracking is only enabled when you grant permission.
- You can disable location access through your device settings, though some features may not work.

10. Data Protection Officer (DPO)

In compliance with the DPDP Act, we have appointed a Data Protection Officer (DPO). You may contact the DPO for questions, complaints, or to exercise your rights:

Data Protection Officer

Terms & Conditions

Effective Date: [Insert Date]

Last Updated: [Insert Date]

Welcome to **Teraawatt PowerLabs Private Limited** (“Company,” “we,” “our,” or “us”).

These Terms & Conditions (“Terms”) govern your use of our website, mobile application, and services (collectively, the “Platform”). By accessing or using our Platform, you agree to these Terms. If you do not agree, you must discontinue use immediately.

1. Eligibility

- You must be at least **18 years old** and capable of entering into a legally binding agreement under Indian law.
- By using the Platform, you confirm that all information you provide is accurate and truthful.

2. Account Creation

- Certain services require creating an account. You must maintain accurate account details.
- You are responsible for safeguarding your login credentials.
- You agree to notify us immediately if you suspect unauthorized account access.

3. Services Provided

- Our Platform allows users to **locate EV charging stations, book charging slots and make payments**.
- **Teraawatt PowerLabs Private Limited acts** solely as a **technology aggregator**. We do not own, operate, or control charging stations. Service delivery is the responsibility of **charging station partners**.

4. User Agreement (Aggregator Specific)

a. Relationship Between Parties

- **Users/EV Owners:** Individuals using the Platform to locate and/or book charging stations.
- **Charging Station Partners:** Third-party operators who own and manage charging stations listed on the Platform.
- **Company (Aggregator):** Provides technology to connect users with charging station partners but does not directly provide charging services.

b. Bookings

- Bookings made through the Platform are **subject to availability** at the charging station.
- Confirmation is provided electronically, and users are responsible for verifying details.

c. Payments

- Payments for charging sessions are processed securely via third-party payment gateways.
- **Teraawatt PowerLabs Private Limited is** not liable for payment processing errors or delays caused by third-party providers.

d. Cancellations & Refunds

- Cancellations must follow the rules set out in our **Refund & Cancellation Policy** (Section 8).

- Refunds, if applicable, will be processed to the original payment method.

e. Liability

- **Teraawatt PowerLabs Private Limited is** not responsible for the **availability, pricing, quality, or safety** of charging stations.
- Charging station partners are solely liable for service quality and safety standards.

5. User Responsibilities

By using the Platform, you agree:

- Not to misuse, disrupt, or interfere with the Platform.
- Not to upload false, harmful, or illegal content.
- To comply with all applicable laws and regulations.
- To use location and booking services responsibly.

6. Intellectual Property

- All content, software, logos, and designs on the Platform belong to **Teraawatt PowerLabs Private Limited** or its licensors.

- You may not copy, modify, or distribute content without prior written permission.

7. Third-Party Services & Integrations

- The Platform may integrate services like maps (e.g., Google Maps), analytics, or payments.
- We are not responsible for the availability, security, or performance of third-party services.

8. Refund & Cancellation Policy

- **User-Initiated Cancellations:** Refunds are available if cancellations are made **[Insert Timeframe, e.g., “at least 1 hour before the scheduled session”]**.
- **Partner-Initiated Cancellations:** If a charging station cancels, users will receive a full refund.
- **Non-Refundable Cases:** No-shows or cancellations made after the session start time are non-refundable.
- **Refund Timelines:** Approved refunds will be processed within **[Insert Number]** business days.

9. Shipping & Delivery Policy (For Hardware Sales)

If you purchase hardware such as EV chargers or accessories from our Platform:

- **Shipping Partners:** We use trusted courier/logistics partners for deliveries.
- **Estimated Delivery Time:** [Insert Range, e.g., 5–10 business days].
- **Delays:** We are not responsible for delays caused by courier partners, weather, or unforeseen events.
- **Responsibility:** Once shipped, responsibility for delivery lies with the courier partner. We will provide tracking details.

10. Limitation of Liability

- The Platform is provided “as is” and “as available.”
- **Teraawatt PowerLabs Private Limited** does not guarantee uninterrupted or error-free services.
- To the fullest extent permitted by law, we are not liable for any direct, indirect, or consequential damages arising from use of the Platform.

11. Indemnity

You agree to indemnify and hold harmless **Teraawatt PowerLabs Private Limited**, its officers, employees, and partners from any claims, damages, or expenses arising from:

- Your use of the Platform.
- Breach of these Terms.
- Violation of applicable laws.

12. Termination

- We may suspend or terminate accounts for violations of these Terms or applicable laws.
- Users may delete their accounts and stop using the Platform at any time.

13. Dispute Resolution

- These Terms are governed by the laws of India.
- Any disputes shall be subject to the exclusive jurisdiction of the courts in **[Insert City/State]**.
- We encourage amicable resolution before legal proceedings.

14. Changes to Terms

We may revise these Terms periodically. Any updates will be posted with an updated “Last Updated” date. Continued use of the Platform indicates acceptance of the revised Terms.

15. Contact Us

For any questions or complaints regarding these Terms, please contact:

Data & Security Compliance

1. Data Protection & Security Policy

At **Teraawatt PowerLabs Private Limited**, we are committed to safeguarding your personal information and ensuring the highest level of data protection in compliance with India’s **Digital Personal Data Protection (DPDP) Act, 2023** and the **Information Technology Act, 2000**.

How We Protect Your Data

- **Encryption:** All sensitive data (such as login credentials, payment details, and location information) is encrypted during transmission and storage using industry-standard protocols (SSL/TLS and AES).
- **Payment Security:** We partner only with **RBI-compliant, PCI-DSS certified payment gateways** to ensure secure processing of all transactions. We do not store your payment card details.

- **Cloud Storage Compliance:** All user data is stored securely on cloud servers that comply with **ISO/IEC 27001** or equivalent international security standards.
- **Access Control:** User data is accessible only to authorized personnel under strict confidentiality obligations.
- **Data Breach Response:** In case of a data breach, we will promptly notify affected users and regulatory authorities as mandated by law.
- **Regular Audits:** We conduct periodic internal and third-party security audits to ensure compliance with evolving data protection laws and standards.

Your Rights

- You may request access, correction, or deletion of your personal data at any time.
- You may withdraw consent for data collection and usage, after which we will stop processing your data unless legally required to retain it.

2. Cookie Policy

Teraawatt PowerLabs Private Limited uses cookies and similar tracking technologies to enhance user experience, improve our services, and provide personalized recommendations.

What Are Cookies?

Cookies are small text files stored on your device when you use our website or app. They help us remember your preferences, understand usage patterns, and deliver a smoother experience.

Types of Cookies We Use

1. **Essential Cookies** – Required for the basic functioning of our app/website (e.g., login sessions, navigation).
2. **Analytics Cookies** – Help us analyze user behavior, app usage trends, and performance improvements.
3. **Functional Cookies** – Remember your preferences (such as language, region, or saved settings).
4. **Advertising/Marketing Cookies** – Allow us to deliver relevant offers, promotions, and partner advertisements.
5. **Location Tracking** – With your consent, we may use GPS/location-based data for EV services such as locating charging stations and providing navigation assistance.

Managing Cookies

- You can manage or disable cookies in your browser or app settings.
- Disabling certain cookies may affect the functionality of our services.

Third-Party Tools

We may use trusted third-party services (e.g., analytics providers, payment gateways, advertising networks) that set cookies or tracking tools in compliance with applicable laws.

Industry-Specific Compliance

1. EV Aggregator Service Policy

At **Teraawatt PowerLabs Private Limited**, we act as a trusted platform connecting **EV owners, charging station partners, and operators** to deliver a seamless charging and mobility experience.

Onboarding Guidelines

- **Charging Stations:** All charging station partners must complete a verification process, including compliance with local regulations, safety certifications, and technical compatibility with our platform.
- **EV Operators:** EV fleet owners and individual operators must provide accurate registration details, valid permits, and proof of insurance before being listed.
- **Pricing Standards:** Prices for charging services are displayed transparently in the app. Any dynamic pricing or surge rates will be communicated upfront before booking.
- **Service Uptime & Maintenance:** Charging partners are required to maintain at least **95% uptime** and follow scheduled maintenance protocols to ensure safe and reliable operations.

- **Safety Standards:** All charging infrastructure must comply with **Bureau of Indian Standards (BIS)** and relevant EV safety guidelines. Emergency protocols must be in place at all partner facilities.

2. Grievance Redressal Mechanism

In compliance with the **Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021**, Teraawatt PowerLabs Private Limited has appointed a **Grievance Officer**.

Grievance Officer Details

- **Name:** [Insert Appointed Person's Name]
- **Email:** [Insert Official Email Address]
- **Address:** [Insert Company Address]

Complaint Process

1. Users may raise complaints regarding service issues, data privacy, payments, or partner behavior by contacting the Grievance Officer.
2. Complaints will be acknowledged within **[add hours]** of receipt.
3. A resolution will be provided within **[add number] business days**, or as required under applicable laws.

4. If the complaint involves a partner or third party, Teraawatt PowerLabs Private Limited will coordinate with them for speedy resolution.

3. Environmental Responsibility Statement

At **Teraawatt PowerLabs Private Limited**, sustainability is at the heart of our mission. As part of our **Environmental, Social, and Governance (ESG)** commitment, we pledge to:

- **Promote Green Mobility:** Encourage adoption of electric vehicles by making charging more accessible and convenient.
- **Use Renewable Energy Sources:** Partner with charging providers who utilize renewable energy wherever possible.
- **Carbon Footprint Reduction:** Continuously monitor and reduce emissions associated with operations, logistics, and infrastructure.
- **Awareness & Advocacy:** Support initiatives that promote eco-friendly transportation and educate users on sustainable practices.

By choosing **Teraawatt PowerLabs Private Limited**, you contribute to a cleaner, greener future for urban mobility.

Corporate Governance & Legal Notices

1. Disclaimer

Teraawatt PowerLabs Private Limited provides an **aggregator platform** to help users locate and access EV charging stations. While we strive to provide accurate, updated, and verified information, we:

- Do not guarantee uninterrupted service availability or accuracy of third-party data (e.g., charging station uptime, tariffs, or availability).
- Are not responsible for outages, system downtime, partner defaults, or errors in the information provided by charging station operators or third parties.
- Shall not be held liable for any **losses, damages, or inconvenience** caused by reliance on our platform, except as required under applicable law.

2. Intellectual Property Policy

- All rights related to the **Teraawatt PowerLabs Private Limited, trademarks, trade name, logo, software code, design, and content** are exclusively owned by the company.
- Users and partners are strictly prohibited from copying, reverse-engineering, reselling, or redistributing any part of the Teraawatt platform, software, or content without prior written consent.
- Unauthorized use of our intellectual property may result in legal action under applicable IP laws in India and abroad.

3. Compliance with Motor Vehicle Aggregator Guidelines (If Applicable)

If **Teraawatt PowerLabs Private Limited** expands to include **EV taxi or transportation services**, we will comply with the **Motor Vehicle Aggregator Guidelines** issued by the **Ministry of Road Transport and Highways (MoRTH)**, including but not limited to:

- Driver background verification and licensing.
- Fare transparency and digital receipts.
- Safety standards and insurance coverage.
- Customer grievance redressal as per the prescribed framework.

4. Compliance with Consumer Protection (E-Commerce) Rules, 2020

As an intermediary and service platform, **Teraawatt PowerLabs Private Limited** complies with the **Consumer Protection (E-Commerce) Rules, 2020**, by ensuring that:

- Refund and cancellation policies are clearly displayed in our **Terms & Conditions**.

- A transparent **grievance redressal process** is available to users.
- Customer support and escalation paths are accessible within the app and website.
- A **Grievance Officer** has been appointed, whose details are shared in the Industry-Specific Compliance section.

5. Location Data Regulations

Teraawatt PowerLabs Private Limited relies on **GPS-based tracking** to help users locate the nearest charging stations. In compliance with Indian data protection laws:

- Location data is treated as **sensitive personal data** and collected only with explicit user consent.
- Users can disable location access through device settings at any time.
- Location data is stored and used strictly for **service delivery and navigation purposes** and not shared with unauthorized third parties.

6. CERT-In Guidelines (April 2022)

Teraawatt PowerLabs Private Limited complies with the **Indian Computer Emergency Response Team (CERT-In) Directions** dated April 2022 by:

- Reporting any **cybersecurity incident** (including data breaches, payment fraud, or system compromise) to CERT-In within **6 hours** of detection.

- Maintaining **system logs of all ICT events for a minimum of 180 days** within India and making them available to authorities when required.
- Ensuring that all servers and network systems are **synchronized with Indian government-approved time sources**.

Payment Gateway Compliance

1. RBI Guidelines on Payment Aggregators & Payment Gateways

Teraawatt PowerLabs Private Limited complies with the **Reserve Bank of India (RBI) Guidelines on Payment Aggregators and Payment Gateways**, ensuring secure and lawful payment processing.

- We only integrate with **RBI-authorized payment gateways** (such as Razorpay, PayU, Cashfree, etc.) to handle all digital transactions.
- As per RBI and **PCI-DSS tokenization norms**, Teraawatt does not store any customer card details on its servers. All card data is processed securely through our partnered payment gateways.
- Users will always be redirected to a secure payment environment for completing transactions.

2. PCI DSS Compliance

The **Payment Card Industry Data Security Standard (PCI DSS)** is a global benchmark for protecting cardholder data.

- Since **Teraawatt PowerLabs Private Limited** does not store or process cardholder data directly, the **responsibility for PCI DSS compliance lies with our integrated payment gateway partners**.
- The company ensures **secure integration practices**, encrypted communications, and compliance with applicable security measures when connecting to these gateways.
- We regularly review integration protocols to minimize risks of unauthorized access, fraud, or data breaches.

3. UPI / NPCI Compliance

If users choose to pay via **Unified Payments Interface (UPI)**, the company follows the **National Payments Corporation of India (NPCI)** guidelines:

- **Two-Factor Authentication (2FA):** All UPI transactions require authentication through linked mobile devices and banking apps.
- **Data Security:** The company does not store UPI PINs, credentials, or sensitive banking details. These are managed entirely by the user's banking partner and the UPI system.
- **Fraud Monitoring:** Suspicious transactions are flagged and reported in compliance with RBI and NPCI directives.
